

**RICHMOND CITY CORPORATION**  
**ORDINANCE 2008-5**

WHEREAS, the City of Richmond has an obligation and the authority to protect the public health, welfare, and sanitation within the limits of Richmond City; and

WHEREAS, based on the findings of the Utah Legislature in Utah Code Section 78-38-.5, the City hereby finds that the U. S. Environmental Protection Agency (USEPA) has determined that environmental tobacco smoke is a Group A carcinogen, in the same category as other cancer causing chemicals such as asbestos; and

WHEREAS, the USEPA has determined that there is no acceptable level of exposure to Class A carcinogens; and

WHEREAS, the United State Surgeon General has determined that the scientific evidence indicates that there is no risk-free level of exposure to secondhand tobacco smoke; and

WHEREAS, reliable studies have shown that breathing side stream or secondhand tobacco smoke is a significant health hazard, in particular for elderly people, individuals with cardiovascular disease, and individuals with impaired respiratory function, including asthmatics and those with obstructive airway disease; and

WHEREAS, the Americans With Disabilities Act, which requires that disabled persons have access to public places and work places, deems impaired respiratory function to be a disability; and

WHEREAS, cigarette butts are not biodegradable and discarding cigarette butts and tobacco onto the ground in places such as city parks, recreational areas, and at the locations of mass gatherings is unsightly, unclean, and particularly hazardous to small children and animals who handle and sometimes ingest them, which can lead to serious health effects; and

WHEREAS, littering in city parks and near mass gatherings, including littering of cigarette butts, shall not be tolerated; and

WHEREAS, tobacco smoke free parks are important for the health of children and adults; and

WHEREAS, because children imitate adult behavior, the elimination of tobacco smoking in places such as city parks, recreation areas, and near mass gatherings furthers the goal of reducing youth tobacco smoking; and

WHEREAS, the Bear River Health Department has deemed it prudent, reasonable, and necessary to support, advocate, and urge that municipal legislative bodies legislate through ordinance: 1) protecting the public health and welfare by prohibiting the smoking of tobacco in public parks, gathering places, and recreational areas; and 2) guarantee the right of non-tobacco smokers to breath tobacco smoke-free air, and to recognize that the need to breathe tobacco

smoke-free air shall have priority over the desire to smoke; and

WHEREAS, the City finds that the prohibition of smoking in the City's parks, recreation facilities, and near mass gatherings serves to protect the health, safety, and welfare of persons in the City.

NOW THEREFORE the City Council of Richmond City, County of Cache, State of Utah, hereby adopts, passes, and publishes the following:

AN ORDINANCE ENACTING A NEW CHAPTER 10-250 OF TITLE 10-000 OF *THE CODE OF REVISED ORDINANCES OF RICHMOND CITY, UTAH (1975, Adopted 1976)* ENTITLED PROHIBITION OF TOBACCO SMOKING IN CITY PARKS, RECREATIONAL AREAS, AND NEAR MASS GATHERINGS.
