

PART

9-660. FALLOUT SHELTERS.

9-661. EXEMPTION FROM BUILDING CODE REQUIREMENTS. Due to the specialized purpose of emergency nature for which family fallout shelters are designed, any such shelter which complies with the provisions of this chapter is hereby exempt from the provisions of the Building Code, except as otherwise provided herein.

9-662. DEFINITION. For the purpose of this part, a family fallout shelter is a structure designed and constructed for emergency use only, to afford minimum protection from nuclear radiation, commonly known as fallout, resulting from a nuclear incident which recently has been or is likely to be of catastrophic proportions.

9-663. DESIGN. A family fallout shelter shall be of a design conforming to that recommended or accepted by the Federal Department of Defense, Office of Civil Defense.

9-664. CONSTRUCTION. A family fallout shelter shall, in all matters relating to construction and structural stability, comply with not less than the equivalent of the provisions relating to design loads and general building requirements specified in the Uniform Building Code.

9-665. ADMINISTRATIVE APPLICATION OF BUILDING CODE. Notwithstanding the foregoing, the provisions contained in the Building Code relating to administration, permits and inspections shall be applicable to family fallout shelters.
