Operation Christmas Stocking

Once again, the American Legion Auxiliary will be sponsoring 'Operation Christmas Stocking.' Help us make the holidays a little brighter for those in the military who are away from their loved ones. Stuff your own stockings or donate stocking stuffer items. September 1 through November 24 we will have a container at the Richmond City Office to accept donations. This is a small way we can show our appreciation and support to all of our men and women in the armed forces who are serving.

If you have any questions, contact Patricia Forsgren 258-2330 or log on to www.operationgive.org for a list of suggested items or to see other ways to donate.

Thank you!

Behind the Uniform

Richmond Fire & Rescue Department

Katie Murray

Wallentine has been an EMT since 1998 and a firefighter for three years. Katie's family has a long tradition of working on the department including her dad, sister and several cousins. Katie has lived in town almost all of her life and currently works in the lab at the Cache Valley Hospital. Katie's pride and joy are her four children and four grandchildren. Camping and spending time with family and friends is always at the top of her list.

Safety Tip of The Month:

With summer ending and the start of school just around the corner, drivers need to do their part to keep kids safe as they walk and bicycle to school. Whether you are taking your kids to school or just driving through a school zone, you can do your part to keep kids safe. Remember these back to school safety tips!

August is designated as Back-to-School Safety Month, and the department wants to remind motorists and pedestrians to be extra careful at all times.

It is important for drivers not to be distracted, talking or texting on their phones as driving patterns change, school zone speed limits are enforced, and kids are crossing busy intersections. Turning off your cell phone is one of the smartest things you can do.

Follow the tips below to make sure you keep your children safe while walking and biking to school.

Here are some simple reminders for drivers:

Bus Safety

- Motorists are required to stop when approaching a school bus that is stopped

with its red lights flashing and STOP arms extended.

- The only time traffic approaching an oncoming school bus does not need to stop, is if there is a raised barrier such as a concrete divider or at least five feet of unpaved space separating the lanes of traffic.
- Motorists should be alert and watch for children especially near schools, bus stops, school buses, and in school parking lots.
- At bus stops, children should wait in a safe place away from the road.
- Children should never walk behind a bus.
- Remember, Stop on Red, kids ahead!
-

While Driving

- Slow down and be especially alert in the residential neighborhoods and school zones
- Take extra time to look for kids at intersections, on medians and on curbs
- Enter and exit driveways and alleys slowly and carefully
- Watch for children on and near the road in the morning and after school hours
- Reduce any distractions inside your car so you can concentrate on the road and your surroundings.
- Put down your phone and don't talk or text while driving.

Reminder for Your Kids:

- Cross the street with an adult until they are at least 10 years old

- Cross the street at corners, using traffic signals and crosswalks
- Never run out into the streets or cross in between parked cars
- Make sure they always walk in front of the bus where the driver can see them.

Why Conserve Water?

We can only use 1% of the earth's water !

Utah consumes about 240 gallons of water per person per day. As our state's population increases, one way to help meet future demand is by conservation.

Per Capita Water Use in the United States

Utah has a goal of reducing per capita water consumption by 25% by the year 2025. So far we've conserved 18%. Keep it up !!!

Utah's Population History and Projections

With Utah's population increase, our water supply is being stretched to its limits !

Average Annual Precipitation in the Western United States

Utah uses the most water per capita in the US, but we receive the second lowest annual rainfall !
